BUY PRODUCTS THAT BEAR THE ACMI SEALS

**Products Authorized to Bear the
Seals of
The Certification Program of
THE ART & CREATIVE MATERIALS INSTITUTE, INC.**

Since 1940, The Art & Creative Materials Institute, Inc. ("ACMI") has been evaluating and certifying art, craft, and other creative materials to ensure that they are properly labeled. This certification program is reviewed by ACMI's Toxicological Advisory Board. Over the years, three certification seals had been developed: The CP (Certified Product) Seal, the AP (Approved Product) Seal, and the HL (Health Label) Seal. In 1998, ACMI made the decision to simplify its Seals and scale the number of Seals used down to two. Descriptions of these new Seals and the Seals they replace follow:

New AP Seal: (replaces CP Non-Toxic, CP, AP Non-Toxic, AP, and HL (No Health Labeling Required)). Products bearing the new AP (Approved Product) Seal of the Art & Creative Materials Institute, Inc. (ACMI) are certified in a program of toxicological evaluation by a medical expert to contain no materials in sufficient quantities to be toxic or injurious to humans or to cause acute or chronic health problems. These products are certified by ACMI to be labeled in accordance with the chronic hazard labeling standard, ASTM D 4236 and the U.S. Labeling of Hazardous Art Materials Act (LHAMA) and there is no physical hazard as defined with 29 CFR Part 1910.1200 (c). Additionally, products bearing the CP (Non-Toxic), CP Seal, or AP with Performance Certification meet specific requirements of material, workmanship, working qualities and color described in appropriate product standards developed by ACMI and others through other recognized standards organizations. This will be indicated by the accompanying wording "Conforms to ASTM D 4236 and ANSI Performance Standard Z356.____"

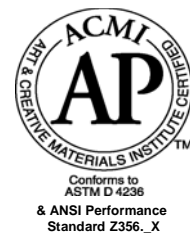

New CL Seal: (replaces HL (Cautions Required) Seal). Products bearing the new CL (Cautionary Labeling) Seal identify products that are certified to be properly labeled in a program of toxicological evaluation by a medical expert for any known health risks and with information on the safe and proper use of these materials. This Seal appears on only 15% of the adult art materials in ACMI's certification program and on none of the children's materials. These products are also certified by ACMI to be labeled in accordance with the chronic hazard labeling standard, ASTM D 4236 and the U.S. Labeling of Hazardous Art Materials Act (LHAMA).

IMPORTANT NOTE: This list is published periodically by The Art & Creative Materials Institute, Inc., 1280 Main Street, P.O. Box 479, Hanson, MA 02341, Telephone (781) 293-4100. Reproduction of this list in its entirety or in part is permissible provided that the wording and information contained in this list be reproduced exactly as it appears in the complete list or in any excerpt of the list. Under no circumstances may any of the wording or information in this listing be changed, without the express written consent of The Art & Creative Materials Institute, Inc.

**Products Authorized to Bear the New AP Approved Product Seal,
the New Approved Product Seal with Performance Certification,
the CP Certified Product Seal,
the AP Approved Product Seal,
and the HL/NT Health Label (Non-Toxic) Seal of
The Certification Program of
The Art & Creative Materials Institute, Inc., © 2008**

1280 Main Street, P.O. Box 479, Hanson, MA 02341 (781) 293-4100

February 14, 2008

Products bearing the new AP Approved Product Seal, the new AP Approved Product Seal with Performance Certification, the CP Certified Product Seal, the AP Approved Product Seal, or the Health Label (Non-Toxic) Seal (HL/NT) of The Art & Creative Materials Institute, Inc. (ACMI) are certified in a program of toxicological evaluation by a medical expert to contain no materials in sufficient quantities to be toxic or injurious to humans or to cause acute or chronic health problems. This program is reviewed by ACMI's Toxicological Advisory Board. These products are certified by ACMI to be labeled in accordance with the chronic hazard labeling standard, ASTM D-4236 and Federal Law, P.L. 100-695. In addition, products bearing the AP+PC or CP Seals meet specific requirements of material, workmanship, working qualities, and color described in appropriate product standards issued by ACMI or other recognized standards organizations. Be sure to purchase products that bear the ACMI Seals!

**Products Authorized to Bear the CL (Cautionary Label) or
HL/CR Health Label (Cautions Required) Seal of
The Certification Program of
The Art & Creative Materials Institute, Inc. © 2008**

1280 Main St., P.O. Box 479, Hanson, MA 02341 Tel. (781) 293-4100

February 14, 2008

Products bearing the Cautionary Label (CL) or Health Label (Cautions Required) Seal (HL/CR) of The Art & Creative Materials Institute, Inc. (ACMI) are certified in a program of toxicological evaluation by a medical expert to be properly labeled. This program is reviewed by ACMI's Toxicological Advisory Board. These products are certified by ACMI to be labeled in accordance with the chronic hazard labeling standard, ASTM D-4236 and Federal Law, P.L. 100-695. Products bearing the Cautionary Label (CL) or Health Label (Cautions Required) Seal bear appropriate ingredient and cautionary labeling and safe use instructions. Non-Toxic products with the Health Label (Non-Toxic) Seal bear the wording Non-Toxic or No Health Labeling Required and are located at the front of this list with other non-toxic (CP and AP) products. Be sure to purchase products that bear the ACMI Seals!
